DarenthMJS Ltd.

The Encore Auto is an ideal choice for the smaller company requiring a highly cost effective drinks solution. Featuring a good capacity and push button product selection, it can be installed with a minimum of inconvenience and tailored to individual customer requirements.

Machine Features

Drink Choice

For a delicious and refreshing hot drink, this compact, yet semi-automatic machine offers a choice of 5 selections and a total capacity of over 195 in-cup drinks.

Simple Operation

Drink selection is simplicity itself with an incredibly user friendly push button system. Indicator lights guide the user through every step of making their chosen drink.

Hot water as standard, ambient cold water option available.

Water selections can be programmed to provide free on demand, one-touch automatic cup fill or part cup (espresso) variants.

Electronically controlled internal sugar dispenser, available for either pre-packed bottle or refillable jar.

Coin Control

Available as a free vend machine or fitted with full electronic coin mechanism which accepts all coins and token.

Separately lockable cash box.

I-Key cashless payment system compatible.

Other Features

Universal water-tank can be hand filled or connected to a mains water supply.

Digital credit display and full audit information stored electronically.

Perfectly interfaces with the IceBreak can vendor for a total refreshment solution.

Incredibly user friendly, compact and feature packed.
